SUMMARY

I am a Full-Stack Developer with hands-on experience in building scalable web applications using the MERN Stack. I am proficient in React.js, Node.js, Express.js, MongoDB, and RESTful APIs. I excel in creating efficient backend systems and enhancing user experience through optimized solutions. My strong problem-solving skills and technical communication make me a valuable asset in software development.

EXPERIENCE

Full-Stack Developer Intern (MERN Stack)

Vedricx Global

03/2026 - 05/2026

A company focused on creating innovative software solutions

- Developed and maintained full-stack web applications using MongoDB, Express.js, React.js, and Node.js
- Built and integrated RESTful APIs to improve application scalability and backend efficiency
- Implemented responsive React.js interfaces and reusable components for enhanced user experience
- Optimized database operations and backend workflows to improve application performance
- Collaborated using Git workflows and Agile development practices
- Participated in testing, debugging, and deployment of production-ready features

Full-Stack Developer Intern (MERN)

Sharpnerr Empowerment Limited

06/2025 - 07/2025 Gurgaon

A technology company focusing on empowering businesses through software solutions

- Engineered end-to-end applications using React.js, Node.js, Express.js, and MongoDB, improving system efficiency
- Architected and deployed RESTful APIs, reducing response latency and improving reliability
- Optimized frontend structure and client-server communication for faster load times
- Collaborated in Agile workflows using Git and contributed to feature development and deployment

Frontend Developer Intern

SKIT

07/2024 - 08/2024 Jaipur

An educational institution specializing in technology training

- Developed responsive interfaces using HTML, CSS, and JavaScript, improving cross-device compatibility
- Enhanced UI/UX, increasing usability and user engagement
- Ensured cross-browser compatibility and consistent rendering performance

STRENGTHS

Analytical and Communication Skills

Developed strong analytical thinking, communication, and technical mentoring abilities

KEY ACHIEVEMENTS

Peer-Learning Initiatives

Led peer-learning initiatives in Mathematics and Programming, which significantly improved team knowledge and collaboration

Teaching Achievements

Delivered structured sessions in Mathematics and Programming that enhanced student engagement and outcomes

SKILLS

Express.js

GitHub

React

Node.js

Express.js

MongoDB

REST

JavaScript

HTML

CSS

Git

Data Structures

EDUCATION

Bachelor of Technology in Information Technology

Swami Keshvanand Institute of Technology

📅 08/2023 - 06/2027 📍 Jaipur

Senior Secondary (Class XII)

EDEN International School

📅 01/2023 - 06/2023

PROJECTS

AI Interview Helper

📅 01/2025 - 12/2025

An application designed to assist users in preparing for interviews by providing feedback

- Developed an AI-powered interview preparation assistant using React.js and Node.js
 - Integrated evaluation APIs to provide intelligent feedback and recommendations
 - Designed an intuitive user interface to improve usability and user engagement
-

Room Booking Application

📅 01/2025 - 12/2025

A reservation system for booking rooms that allows users to check availability in real-time

- Built a MERN-based reservation system with dynamic filtering and real-time availability
- Designed optimized MongoDB schemas to improve query efficiency and performance
- Implemented backend workflows for accurate booking management and seamless data processing
